PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD MAY 7, 2019

This Proxy Statement and the accompanying proxy, which we are making available to shareholders on or about March 22, 2019, are in connection with the solicitation of proxies by the Corporation's Board of Directors (the "Board" or "Directors") for the 2019 annual meeting of shareholders and any adjournment or postponement of the meeting (the "Meeting"). The Meeting will be held on Tuesday, May 7, 2019, beginning at 10:30 a.m., Central Daylight Time, at HNI Corporate Headquarters, 600 East Second Street, Muscatine, Iowa.

GENERAL INFORMATION

Who can attend and vote at the Meeting?

Shareholders of record as of the close of business on March 8, 2019 (the "Record Date") are entitled to attend and vote at the Meeting. Each share of the Corporation's common stock, par value \$1.00 per share ("Common Stock"), is entitled to one vote on each matter to be voted on at the Meeting and can be voted only if the shareholder of record is present to vote or is represented by proxy.

What constitutes a quorum at the Meeting?

The presence at the Meeting, in person or represented by proxy, of the holders of a majority of the outstanding shares of Common Stock ("Outstanding Shares") on the Record Date will constitute a quorum. On the Record Date, there were 43,562,022 Outstanding Shares. To determine whether a quorum exists, proxies received but marked "abstain" and so-called "broker non-votes" (described on the following page) will be counted as present.

What will I be voting on?

- Election of each of the four nominees for Director named on page 4 of this Proxy Statement under "*Proposal No. 1 – Election of Directors.*"
- Ratification of the Audit Committee's selection of KPMG LLP as the Corporation's independent registered public accountant for the fiscal year ending December 28, 2019 ("Fiscal 2019"), as described on page 13 of this Proxy Statement under "*Proposal No. 2 – Ratification of Audit Committee's Selection of KPMG LLP as the Corporation's Independent Registered Public Accountant for Fiscal 2019.*"
- Adoption of an advisory resolution approving the compensation of the Corporation's named executive officers as described on page 38 of this Proxy Statement under "*Proposal No. 3 – Advisory Vote to Approve Named Executive Officer Compensation.*"

Why am I receiving my proxy materials electronically instead of receiving paper copies through the mail?

In accordance with SEC rules, instead of mailing a printed copy of our proxy materials to all of our shareholders, we have elected to furnish proxy materials to shareholders via the Internet. This supports our on-going commitment to sustainability by reducing costs associated with mailing proxy materials.

On or about March 22, 2019, we mailed to our shareholders of record (other than those who previously requested electronic delivery) a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access the proxy materials online and how to vote your shares after you have viewed our proxy materials. The Notice also contains instructions on how to request to receive a set of the proxy materials for the Meeting by mail or electronically by email, in either case free of charge, and how to request future proxy materials be sent by mail or electronically by email. If you received the Notice, you will not receive a printed copy of the proxy materials unless you request one by following the instructions on the Notice.

How do I vote?

You can either vote in person at the Meeting or by "proxy" (one of the individuals named on your proxy card will vote your shares as you have directed). We urge you to vote by "proxy" even if you plan to attend the Meeting so we will know as soon as possible whether a quorum exists for us to hold the Meeting.

You may vote your shares via a toll-free telephone number or over the Internet. If you received a paper copy of the proxy card by mail, you may vote by signing, dating and mailing the proxy card in the envelope provided. Instructions regarding these three methods of voting are contained in the Notice and the proxy card. The telephone and Internet voting facilities for shareholders will close at 11:59 p.m. Eastern Daylight Time on May 6, 2019. If you vote by mail, it must be received by May 6, 2019.

If you hold shares through the Corporation's retirement plan, your vote must be received by 11:59 p.m. Eastern Daylight Time on May 2, 2019.

If your shares of Common Stock are held for you as the beneficial owner through a broker, trustee or other nominee (such as a bank) in "street name," rather than held directly in your name, please refer to the information provided by your bank, broker or other holder of record to determine the options available to you. Since a beneficial owner is not the shareholder of record, you may not vote these shares in person at the Meeting unless you obtain a legal proxy from the broker, trustee or other nominee holding your shares, giving you the right to vote the shares at the Meeting.

If you sign, date and return the proxy card but do not specify how your shares are to be voted, then your proxy will vote your shares "FOR" all proposals, "FOR" election of each nominee for Director, and in your proxy's discretion as to any other business which may properly come before the Meeting.

What discretion does my broker, trustee or other nominee have to vote my shares of Common Stock held in "street name"?

A broker, trustee or other nominee holding your shares of Common Stock in "street name" must vote those shares according to specific instructions it receives from you. New York Stock Exchange ("NYSE") rules determine the proposals on which brokers may not vote without specific instructions from you ("Non-Routine Proposals"). Your shares will not be voted on any Non-Routine Proposal if you do not provide voting instructions, giving rise to what is called a "broker non-vote." Shares represented by broker non-votes will be counted as present for purposes of determining a quorum.

It is important, if you hold shares in "street name," that you provide specific voting instructions to your broker, trustee or other nominee or your shares will not be voted with respect to Proposal Nos. 1 and 3 because they are Non-Routine Proposals for which your broker, trustee or other nominee may not vote your shares in its discretion.

Can I change or revoke my vote or revoke my proxy?

Yes. You may change your vote at any time before the proxy is voted at the Meeting. For shareholders of record, if you voted your proxy card by mail, you may revoke your proxy at any time before it is voted by executing and delivering a timely and valid later-dated proxy, by voting by ballot at the Meeting or by giving written notice to HNI's Corporate Secretary. If you voted via the Internet or by telephone you may also change your vote with a timely and valid later-dated Internet or telephone vote, as the case may be, or by voting by ballot at the Meeting. Attendance at the Meeting will not revoke a proxy unless (a) you give proper written notice of revocation to the Secretary before the proxy is exercised or (b) you vote by ballot at the Meeting. Once voting is completed at the Meeting, you will not be able to revoke your proxy or change your vote.

If your shares are held in "street name," you must follow the specific voting directions provided to you by your broker, trustee or other nominee to change or revoke any instructions you have already provided.

How do I vote my shares in the Corporation's retirement plan?

If you participate in the Corporation's retirement plan, the proxy card you receive will include Common Stock allocated to your account. Properly completed and signed proxy cards, including telephone and Internet voting, will serve to instruct the plan trustee on how to vote any shares allocated to your account and a portion of all shares as to which no instructions have been received (the "undirected shares") from plan participants. The proportion of the undirected shares to which your instructions will apply will be equal to the proportion of the shares to which the trustee receives instructions represented by your shares.

How is the Corporation soliciting proxies?

The Corporation bears the cost of preparing, assembling and mailing the proxy materials related to the solicitation of proxies by and on behalf of the Board. In addition to the use of the mail, certain of the Corporation's officers may, without additional compensation, solicit proxies in person, by telephone or through other means of communication. The Corporation will bear the cost of this solicitation.

How will my vote get counted?

Broadridge Financial Solutions ("Broadridge") will use an automated system to tabulate the votes and will serve as the Inspector of Election.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations identifying individual shareholders are handled in a manner to protect your voting privacy. Your vote will not be disclosed either within the Corporation or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; and
- to facilitate a successful proxy solicitation.

Occasionally, shareholders provide written comments on their proxy cards, which may be forwarded to the Corporation's management.

How do I get to the Meeting location?

The Meeting will be held at HNI Corporate Headquarters, 600 East Second Street, Muscatine, Iowa. If driving to the Meeting from Quad City International Airport, from the main exit traffic light go straight onto I-74 to I-280, turn right (cloverleaf) onto I-280 West, drive approximately 11 miles crossing the Baker Bridge, take the second exit in Iowa (Exit 6 - Muscatine), at the traffic light turn left (west) onto Highway 61 South, continue approximately 22 miles to Muscatine, continue on Highway 61 bypass, turn left (south) at the traffic light onto Park Avenue, veer right at the stop sign at the five-way stop onto Second Street, HNI Corporate Headquarters is approximately one mile on the left. If driving to the Meeting on I-80, take Exit 271 (Highway 38 South), drive approximately 12 miles, proceed through the major intersection of Highway 38 and Highway 61, continue on Park Avenue, veer right at the stop sign at the five-way stop onto Second Street, HNI Corporate Headquarters is approximately one mile on the left.

What is "Householding" of Proxy Materials?

As permitted by applicable law, we may deliver only one copy of certain of our documents, including the Notice of Internet Availability of Proxy Materials, Proxy Statement or Annual Report to shareholders residing at the same address, unless the shareholders have notified us of their desire to receive multiple copies. This process, which is commonly referred to as "householding," is intended to provide extra convenience for shareholders and cost savings for the Corporation. If you wish to opt-out of householding and continue to receive multiple copies of the proxy materials at the same address, you may do so at any time prior to thirty days before the mailing of the Notice of Internet Availability of Proxy Materials or the proxy materials themselves, which are typically mailed in March of each year, by notifying Broadridge in writing at: Broadridge Financial Solutions, Inc., Householding Department, 51 Mercedes Way, Edgewood, New York 11717 or by calling Broadridge at 1-866-540-7095. If you share an address with another shareholder and currently are receiving multiple copies of the proxy materials, you may request householding by notifying Broadridge at the same address.

Where can I find the voting results of the Meeting?

The Corporation intends to announce preliminary voting results at the Meeting and will publish final results in a Current Report on Form 8-K, which will be filed with the SEC within four business days after the Meeting and available on the Corporation's website.

PROPOSAL NO. 1 – ELECTION OF DIRECTORS

The Board currently consists of ten Directors. Nine of the ten Directors are independent Directors as further discussed on page 7 of this Proxy Statement under "*Corporate Governance and Board Matters – Director Independence.*" Jeffrey D. Lorenger, President and Chief Executive Officer ("CEO") of the Corporation, is the only Director employed by the Corporation and is not independent under the NYSE listing standards or the Corporation's categorical independence standards (the "Categorical Standards").

The Board is divided into three classes. Generally, one class is elected each year for a term of three years. The terms of the four nominees, all of whom are current Directors, expire in 2019. The Board has nominated three Director candidates, Jeffrey D. Lorenger, Larry B. Porcellato and Abbie J. Smith, each to serve a three-year term expiring at the Corporation's 2022 annual meeting of shareholders. In order to balance the number of Directors in each class as required by the Corporation's By-laws (the "By-laws") and Iowa law, the Board has nominated one Director, Mary K.W. Jones, to serve a two-year term expiring at the Corporation's 2021 annual meeting of shareholders.

Director Nominations

The Board has adopted guidelines for identifying and evaluating candidates for Director. Under those guidelines, the Corporation's Public Policy and Corporate Governance Committee (the "Governance Committee") takes into account a number of factors when identifying potential nominees, including: possession of desired skills and abilities identified by the Governance Committee; ability to communicate ideas and contribute to Board deliberations; independence from management; diversity of perspectives derived from experiences, attributes and backgrounds; judgment, integrity and reputation; existing commitments to other businesses; potential conflicts of interest with other pursuits; and legal constraints. The Governance Committee reviews these factors and others considered useful by the Governance Committee in the context of an assessment of the perceived needs of the Board from time to time. The Governance Committee may use a variety of means to identify potential nominees, including recommendations from the Chairman, Directors or others associated with the Corporation. The Governance Committee may retain third-party search firms to identify potential nominees based on the Corporation's established criteria for director candidates discussed above. The Governance Committee screens potential candidates and recommends suitable candidates to the Board for nomination.

The Corporation does not have minimum qualifications for Directors; however, Directors should possess the highest personal and professional integrity and ethics and be willing and able to devote the required time to the Corporation. The Board believes it should be comprised of Directors with varied and complementary backgrounds, which together build the overall strength of the Board.

Shareholders wishing to recommend a candidate for nomination by the Corporation as a Director for inclusion in the Corporation's proxy statement for the 2020 annual meeting of shareholders should write to the Corporation's Corporate Secretary before November 23, 2019, and include the information required by Section 2.16(a)(2) of the By-laws. The Governance Committee will consider candidates for Director recommended by shareholders by applying the criteria for candidates described above and considering additional information required by the By-laws.

Nominees for Election

The Board is nominating for election Jeffrey D. Lorenger, Larry B. Porcellato and Abbie J. Smith, each for a term of three years, and Mary K.W. Jones for a term of two years (collectively, the "Nominees"). Mses. Jones and Smith and Mr. Porcellato were most recently elected as Directors at the Corporation's 2016 annual meeting of shareholders and Mr. Lorenger was elected as a Director on April 19, 2018. Ms. Smith currently serves on the Corporation's Audit Committee, and qualifies as an "audit committee financial expert".

The Corporation believes all Nominees listed above will be available to serve if elected. However, if any one of them becomes unavailable, the persons named as proxies have discretionary authority to vote for a substitute chosen by the Board. Any vacancies not filled at the Meeting may be filled by the Board.

Required Vote

Election of the Nominees as Directors requires the affirmative vote of the holders of a majority of the Outstanding Shares voted at the Meeting. Abstentions and broker non-votes will not be counted as votes cast either "for" or "against" a Nominee's election.

Recommendation of the Board

THE BOARD RECOMMENDS A VOTE "FOR" THE ELECTION OF THE NOMINEES AS DIRECTORS.

CORPORATE GOVERNANCE AND BOARD MATTERS

Director Independence

In addition to complying with NYSE listing standards and applicable SEC rules pertaining to director independence, the Corporation adopted the Categorical Standards, which are attached as Exhibit A to the Governance Guidelines and available on the Corporation's website at www.hnicorp.com, under "*Investors - Corporate Governance - Governance Guidelines*."

Under the Governance Guidelines, at least three-fourths of the Directors must meet the NYSE listing standards pertaining to director independence and the Categorical Standards. The Board has determined each Director, including each Nominee, other than Mr. Lorenger, has no material relationship with the Corporation (either directly or as a partner, shareholder or executive officer of an organization having a relationship with the Corporation) and is independent under the NYSE listing standards and the Categorical Standards, including any heightened independence standards applicable to a Director's service on the Corporation's Audit Committee, Human Resources and Compensation Committee (the "Compensation Committee") or Governance Committee.

Mr. Lorenger, the Corporation's President and CEO, does not meet these independence standards because he is employed by the Corporation.

Processes and Procedures for the Consideration and Determination of Executive Compensation by Compensation Committee

The Compensation Committee is responsible for developing and implementing the Corporation's compensation policies and programs for the CEO and other senior executives as further discussed in the Compensation Discussion and Analysis (the "CD&A") which begins on page 15 of this Proxy Statement.

Board Leadership Structure

The Board recognizes one of its key responsibilities is to evaluate and determine the optimal Board leadership structure. While the Chairman position has traditionally been held by the Corporation's CEO, the Board believed it to be in the best interest of the Corporation to separate the roles upon Mr. Stan Askren's retirement as Chairman at the end of 2018, to allow his successor, Mr. Jeffrey Lorenger, to focus as CEO on his new role managing the Corporation's business and operations. Mr. Larry Porcellato was appointed Chairman of the Board and the position of Lead Director was suspended.

The Corporation has strong governance structures and processes in place to ensure the independence of the Board, eliminate conflicts of interest and prevent dominance of the Board by management. All Directors, with the exception of Mr. Lorenger, are independent as defined under NYSE listing standards, applicable SEC rules and the Categorical Standards, and all committees of the Board are comprised entirely of independent Directors. In addition, the Board and the Governance Committee have assembled a Board comprised of strong and sophisticated Directors who are currently or have recently been leaders of major companies or institutions, are independent thinkers and have a wide range of expertise and skills.

The Board regularly meets in executive session without the presence of management and the independent Directors meet at least quarterly without the presence of management or the CEO. The Chairman presides at these meetings and provides the Board's guidance and feedback to the Corporation's CEO and management team. Further, the Board has regular and complete access to the Corporation's management team. At each Board and committee meeting, Directors receive information and insight from management on matters impacting the Corporation.

Board's Role in Risk Oversight

The Board administers its risk oversight role primarily through its committee structure and the committees' regular reports to the Board at each quarterly Board meeting. The Audit Committee meets frequently during the year and discusses with management, the Corporation's Vice President, Internal Audit, and the Corporation's independent registered public accountant:

- current business trends affecting the Corporation;
- major risks facing the Corporation;
- steps management has taken to monitor and control the risks; and
- adequacy of internal controls that could significantly affect the Corporation's financial statements.

At least annually, the Board discusses with management the appropriate level of risk relative to corporate strategy and business objectives and reviews with management the Corporation's existing risk management processes, including information security and data protection procedures, and their effectiveness. The Audit Committee also reviews the Corporation's enterprise risk management process for identification of, and response to, major risks. The Audit Committee provides the Board with a report concerning its risk oversight activities at each quarterly Board meeting. Each key risk identified for the Corporation is referred to the Board or assigned a committee of the Board for oversight and each committee regularly reports to the Board regarding these risks.

Compensation Risk Assessment

A senior management team, under the oversight of the Compensation Committee, annually conducts a risk assessment of the Corporation's compensation policies and practices to ensure they do not encourage excessive risk taking by members which could result in a material adverse effect on the Corporation.

Based on this most recent compensation risk assessment, both management and the Compensation Committee believe the risks arising from the Corporation's compensation policies and practices, as managed, are not reasonably likely to have a material adverse effect on the Corporation.

Board Meetings

The Board held four regular meetings and one special meeting during 2018. No member of the Board attended fewer than 75% of the meetings of the Board or any committee on which he or she served.

In accordance with the NYSE listing standards regarding corporate governance and the Governance Guidelines, the Corporation's non-management Directors meet in executive sessions without management present at each regular Board meeting. Mr. Porcellato, Chairman and former Lead Director, presides at these executive sessions. The Corporation's non-management Directors met in executive sessions at all four regular Board meetings during 2018.

Director Attendance at Annual Meetings of Shareholders

All Directors are encouraged to attend annual meetings of shareholders when possible. Last year all Directors attended the 2018 annual meeting of shareholders.

Shareholder Communications with the Board

Shareholders and interested parties may communicate with the Chairman of the Board, the Chairperson of the Governance Committee, the Senior Vice President, General Counsel and Secretary, or with the Corporation's non-management Directors as a group, by sending an email to "BoardOfDirectors@hnicorp.com" or by writing to Chairman of the Board, Chairperson of the Governance Committee, Senior Vice President, General Counsel and Secretary or Non-Management Directors at HNI Corporation, 600 East Second Street, Muscatine, Iowa 52761, Attention: Corporate Secretary. All communications received will be opened by the office of the Corporate Secretary for the sole purpose of determining whether the contents are a message to the Directors. Any communications not in the nature of advertising or promotions of a product or service will be promptly forwarded to the appropriate party.

Shareholder Engagement

HNI Corporation has a philosophy of direct engagement, open communication and transparency with our shareholders. Shareholders provide valuable insights into emerging issues and feedback on our performance. In 2018:

- Members of the Corporation's senior leadership team met with investors at a variety of conferences. We hosted quarterly earnings calls and provided additional engagement through phone calls, in-house meetings and various industry events throughout the year.
- The Chairman and CEO met with many of our largest shareholders to discuss topics including financial performance, risk management, corporate governance and environmental and social issues.

Board Committees

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Governance Committee. The Governance Committee fulfills the role of a nominating committee. Each committee operates under a written charter, which has been approved by the Board. The Board reviews each committee charter at least annually. Current copies of the committees' charters can be found on the Corporation's website at www.hnicorp.com, under "*Investors - Corporate Governance - Committee Charters*." Shareholders may request a copy of the charters by writing to the Corporate Secretary at HNI Corporation, 600 East Second Street, Muscatine, Iowa 52761.

Audit Committee. The Audit Committee is comprised of Cheryl A. Francis, Chairperson, Larry B. Porcellato and Abbie J. Smith. The Board has determined all members of the Audit Committee are financially literate under NYSE listing standards. The Board has also determined Mses. Francis and Smith are "audit committee financial experts," as defined by Item 407(d)(5) of Regulation S-K. In accordance with the Audit Committee Charter, none of the Audit Committee members serve simultaneously on audit committees of more than three public companies. The Audit Committee met eight times during 2018. The Audit Committee is responsible for, among other things:

- overseeing the integrity of the Corporation's financial statements;
- selecting the independent registered public accounting firm to audit the Corporation's financial statements and ensuring the firm's independence;
- discussing the scope and results of the audit with the independent registered public accounting firm, and reviewing, with management and that firm, the Corporation's interim and year-end operating results;
- developing procedures to enable submission of anonymous concerns about accounting or auditing matters;
- considering the adequacy of internal accounting controls and audit procedures;
- reviewing related party transactions;
- reviewing legal compliance risk exposures and program for promoting and monitoring compliance with applicable legal and regulatory requirements;
- pre-approving all audit and non-audit services to be performed by the independent registered public accounting firm; and
- overseeing the Corporation's internal audit function.

Human Resources and Compensation Committee. The Compensation Committee is comprised of Ronald V. Waters, III, Chairperson, Mary A. Bell and John R. Hartnett. Each member qualifies as an "outside director" for purposes of Section 162(m) ("Section 162(m)") of the Internal Revenue Code of 1986, as amended (the "Code") and a "non-employee director" for purposes of Rule 16b-3 under the Securities Exchange Act of 1934 (the "Exchange Act"). The Compensation Committee met four times during 2018. The Compensation Committee is responsible for, among other things:

- reviewing and recommending executive compensation plans and determining whether they encourage excessive risk taking;
- monitoring executive succession planning for certain key executives;
- reviewing and adopting member benefit programs;
- recommending to the Board persons designated as executive officers; and
- overseeing annual performance evaluation of the CEO by the Board.

Public Policy and Corporate Governance Committee. The Governance Committee is comprised of Brian E. Stern, Chairperson, Miguel M. Calado and Mary K.W. Jones. The Governance Committee met six times during 2018. The Governance Committee serves as the nominating committee and identifies individuals qualified to serve as Directors of the Corporation consistent with criteria approved by the Board. Additionally, the Governance Committee is responsible for, among other things:

- recommending Director nominees to the Board for the next annual meeting of shareholders;
- considering and making recommendations regarding non-employee Director compensation;
- developing and recommending to the Board corporate governance principles applicable to the Corporation;
- overseeing the Board and committee evaluation process; and
- reviewing the Corporation's finance policy and capital structure.

DIRECTOR COMPENSATION

The Governance Committee is responsible for annually reviewing the compensation paid to Directors for service on the Board and for recommending changes in compensation to the Board, if appropriate. The Board is responsible for approving Director compensation based on recommendations of the Governance Committee. Neither the Governance Committee nor the Board delegates its authority with respect to setting Director compensation to any other person or group. However, the Corporation's management may, at the request of the Governance Committee, assist the Governance Committee in its review of Director compensation, which may include recommending changes to compensation. Although it has not done so recently, the Governance Committee has authority to retain a consultant to assist in the evaluation of the compensation and benefits for Directors and to approve the consultant's fees and other retention terms.

Each independent Director receives an annual retainer of \$175,000, of which \$67,000 is paid in cash in equal installments of \$16,750 after each quarterly Board meeting (prior to the May 8, 2018 Board meeting, the annual cash retainer was \$65,000) and \$108,000 is paid in the form of Common Stock issued under the 2017 Equity Plan for Non-Employee Directors ("Equity Plan") following the May Board meeting (prior to the May 8, 2018 Board meeting, the Common Stock retainer was \$105,000). In 2018, each independent Director received:

- a cash installment payment of \$16,250 after the February Board meeting and \$16,750 after each of the May, August and November Board meetings; and
- a \$108,000 Common Stock grant after the May Board meeting.

In 2018, the Lead Director received an additional annual retainer of \$19,000, paid in equal installments after each quarterly Board meeting. Beginning in 2019, the Chairman receives an additional annual retainer of \$125,000, of which \$75,000 is paid in stock and \$50,000 is paid in cash. The Chairman's stock portion of the retainer is paid annually after the May meeting, and the cash portion of the retainer is paid in equal installments after each quarterly Board meeting.

The Chairperson of the Audit Committee receives an additional annual retainer of \$15,000. The Chairpersons of the Compensation Committee and Governance Committee each receive an additional annual retainer of \$10,000. Cash retainers for committee Chairpersons are paid in equal installments after each quarterly Board meeting.

Directors are reimbursed for travel and related expenses incurred to attend meetings. For purposes of determining Director compensation, an independent Director is anyone who is not a member of the Corporation. Directors who are members of the Corporation do not receive additional compensation for service on the Board.

The Corporation's policy with regard to Common Stock ownership by independent Directors is for each Director to own Common Stock with a market value of five times or more the cash portion of the annual retainer. To promote Common Stock ownership, Directors are required to receive one-half of the cash portion of their annual retainer in the form of shares of Common Stock to be issued under the Equity Plan or, to the extent the Director participates in the HNI Corporation Directors Deferred Compensation Plan (the "Directors Deferred Plan"), in the form of nonvoting share units to be credited to the Director's account under the Directors Deferred Plan. This requirement does not, however, apply to any Director owning Common Stock with a market value of five times or more the cash portion of the annual retainer. As of the end of 2018, all of the Corporation's independent Directors were in compliance with the Corporation's stock ownership policy.

Under the Equity Plan, Directors may elect to receive all or a portion of their cash retainers in the form of shares of Common Stock. Under the Directors Deferred Plan, each Director has the opportunity to defer up to 100% of their retainers. Amounts can be deferred to a cash account earning interest at a rate set each year at 1% above the prime interest rate or to the Corporation's notional stock account in the form of nonvoting share units that fluctuate in value based on the price increase or decrease of Common Stock and earn dividends distributed to all shareholders. The dividends are automatically reinvested for each participant to acquire additional nonvoting shares units. For any cash compensation deferred to the Corporation's notional stock account, the number of nonvoting share units is determined by dividing the amount of the compensation by the fair market value of a share of Common Stock on the date the compensation would have otherwise been paid. Each Director participating in the Directors Deferred Plan

elects, on an annual basis, the date or dates of distribution (i.e., a Director can elect a lump-sum distribution or distribution via annual installments not to exceed 15) of any amounts they defer. In addition, each independent Director is eligible to receive awards of stock options to purchase Common Stock, restricted stock or Common Stock grants, or any combination thereof, under the Equity Plan in amounts authorized by the Board.

In May 2018, each of the Directors was granted 3,057 shares of Common Stock under the Equity Plan. The Corporation does not have a non-equity incentive plan for independent Directors. As of the Record Date, the Corporation has never issued stock options or restricted stock to the independent Directors and all shares of Common Stock issued to Directors in lieu of cash retainer amounts were fully vested upon issuance.

Notes

- (1) For 2018, the independent Directors listed in the table above each earned the following fees: Ms. Bell - \$66,500 annual retainer; Mr. Calado - \$66,500 annual retainer; Ms. Francis - \$66,500 annual retainer plus \$15,000 retainer for service as Chairperson of the Audit Committee; Mr. Hartnett - \$66,500 annual retainer; Ms. Jones - \$66,500 annual retainer; Mr. Porcellato - \$66,500 annual retainer plus \$19,000 retainer for service as Lead Director; Ms. Smith - \$66,500 annual retainer; Mr. Stern - \$66,500 annual retainer plus \$10,000 retainer for service as Chairperson of the Governance Committee; and Mr. Waters - \$66,500 annual retainer plus \$10,000 retainer for service as Chairperson of the Compensation Committee. Ms. Bell, Jones and Smith and Mr. Hartnett received 100% of cash retainer in the form of Common Stock under the Equity Plan, which equated to the following: Ms. Bell - 1,705 shares; Ms. Jones - 1,705; Ms. Smith - 1,705; and Mr. Hartnett - 1,705.
- (2) Represents the portion of the annual retainer paid in the form of shares - a \$108,000 Common Stock grant authorized by the Board on May 8, 2018 under the Equity Plan. Each independent Director serving on the Board as of May 8, 2018 was issued 3,057 shares of Common Stock at a price of \$35.32 (the closing price of a share of Common Stock on the date of grant, May 8, 2018) for a total grant date fair value of \$107,973, as computed in accordance with FASB Accounting Standards Codification Topic 718. The difference between the \$108,000 Common Stock grant authorized by the Board and the actual value of Common Stock issued was approximately \$27. As the Corporation only issues fractional shares under the Directors Deferred Plan, and not under the Equity Plan, the Corporation paid each independent Director serving on the Board as of May 8, 2018, \$27 in cash. There are no unexercised option awards or unvested stock awards outstanding as of the end of 2018 for any of the Directors.
- (3) Includes above-market interest earned on cash compensation deferred under the Directors Deferred Plan. Interest on deferred cash compensation is earned at one percent over the prime rate. Above-market earnings represent the difference between the interest earned under the Directors Deferred Plan and 120% of the applicable federal long-term rate. Above-market interest earned by Mr. Porcellato is for cash compensation deferred prior to January 1, 2007, and interest earned by Mr. Waters is for cash compensation deferred prior to January 1, 2010.
- (4) Includes dividends earned on 2018 Common Stock grants.

POLICY FOR REVIEW OF RELATED PERSON TRANSACTIONS

The Corporation has adopted a written policy for reviewing and approving transactions between the company and its related persons, including directors, director nominees, executive officers, five percent shareholders and their immediate family members or affiliates. The policy applies to:

- All financial transactions, arrangements or relationships involving more than \$100,000;
- Transactions in which the Corporation, or one of its affiliates, is a participant; and
- Transactions in which a related person could have a direct or indirect material interest.

The policy does not apply to certain compensation payments approved by the appropriate Board committee, transactions available to all other shareholders or employees on the same terms, transactions with an entity where the related person's interest is only as a director or a less than ten percent owner, or transactions in which the rate charged by a related person is determined by competitive bid.

The Corporation's Office of the General Counsel (the "General Counsel") performs the initial review of all transactions subject to the policy. Quarterly, the General Counsel reports to the Audit Committee each known transaction to be considered by the Audit Committee pursuant to the policy, including the proposed aggregate value of each transaction and any other relevant information. After review, the

Audit Committee approves, ratifies or disallows each transaction in accordance with the policy.

If the General Counsel learns of an ongoing or completed transaction, arrangement or relationship not submitted for prior review and approval, the General Counsel will submit it to the Audit Committee for ratification, amendment, rescission or termination.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

In a transaction that closed on December 30, 2018, AFMA Inc. ("AFMA") purchased the assets of Contract Resource Group LLC ("CRG"), an office furniture dealer, from Allsteel Inc., a subsidiary of HNI Corporation. The purchase price for the assets was \$5,519,975. The seller, CRG, extended a secured bridge loan to AFMA for the entire purchase price, at a 5% interest rate with an original maturity date of February 28, 2019, which was subsequently extended to March 29, 2019. Jerry Dittmer, a former executive officer of the Corporation who retired in February 2018, was the President and CEO of AFMA from April 2018 until his retirement from AFMA in October 2018. In addition, Jerry Dittmer owned one-third of AFMA from April 2018 until he sold his ownership interest to his son, Max Dittmer, in December 2018. The Audit Committee reviewed and approved these transactions pursuant to our Policy for Review and Approval of Related Person Transactions.

In addition, in fiscal 2018, AFMA purchased approximately \$4,221,391 of office furniture and related services from the Corporation in the ordinary course of business. The Corporation's General Counsel reviewed and approved the transactions and informed the Audit Committee in accordance with our Policy for Review and Approval of Related Person Transactions.

CORPORATE GOVERNANCE GUIDELINES

The Governance Guidelines are available for download on the Corporation's website at www.hnicorp.com, under "*Investors - Corporate Governance - Governance Guidelines*." **PROPOSAL NO. 2 – RATIFICATION OF AUDIT COMMITTEE'S SELECTION OF
KPMG LLP AS THE CORPORATION'S
INDEPENDENT REGISTERED PUBLIC ACCOUNTANT FOR FISCAL 2019**

The Audit Committee is responsible for the appointment, retention, oversight, and compensation, including approval of audit fees, of the external audit firm retained to audit our financial statements. Further, in conjunction with the mandated rotation of the audit firm's lead engagement partner, the Audit Committee and its chair select the audit firm's lead engagement partner.

KPMG has been retained as our independent registered public accounting firm since 2015. In order to ensure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the audit firm. Based on its most recent evaluation of KPMG, the members of the Committee believe the continued retention of KPMG is in the best interest of the Corporation and its shareholders. The Board proposes shareholders ratify the appointment of KPMG as the Corporation's independent public accountant for Fiscal 2019 at the Meeting. Although shareholder ratification is not required by the By-laws or otherwise, the Corporation is submitting the selection of KPMG to its shareholders to permit shareholders to participate in this important decision. If the shareholders fail to ratify the Audit Committee's selection of KPMG, the Audit Committee will reconsider the selection.

Representatives of KPMG will be present at the Meeting, have an opportunity to make a statement if they so desire and be available to respond to appropriate questions.

Recommendation of the Board

***THE BOARD RECOMMENDS A VOTE "FOR" RATIFICATION OF THE AUDIT COMMITTEE'S
SELECTION OF KPMG LLP AS THE CORPORATION'S INDEPENDENT REGISTERED
PUBLIC ACCOUNTANT FOR FISCAL 2019.***

AUDIT COMMITTEE REPORT

The Audit Committee is comprised entirely of independent directors who meet the independence requirements of the NYSE Listed Company Manual and the SEC. The Audit Committee operates under a written charter adopted by the Board of Directors, which you may access in the corporate governance section of our website at <http://www.hnicorp.com/investors/corporate-governance>.

The Audit Committee has responsibility for selecting and evaluating the independent audit firm, which reports directly to the Audit Committee, overseeing the performance of the Corporation's internal audit function, and assisting the Board of Directors in its oversight of enterprise risk management including privacy and data security.

Management has primary responsibility for the Corporation's consolidated financial statements and the overall reporting process, for maintaining adequate internal control over financial reporting and, with the assistance of the Corporation's internal auditors, for assessing the effectiveness of the Corporation's internal control over financial reporting. KPMG LLP ("KPMG"), the Corporation's independent registered public accounting firm since 2015, is responsible for performing an independent audit of the Corporation's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board ("PCAOB"), expressing an opinion as to the conformity of the consolidated financial statements with generally accepted accounting principles in the United States, and auditing management's assessment of the effectiveness of internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes and work with KPMG's lead partner, who was appointed in 2015.

The Audit Committee also oversees management's processes to identify and quantify material risks facing the Corporation, including risks disclosed in the Corporation's Annual Report on Form 10-K. The Audit Committee meets regularly with the internal auditors and KPMG, with and without management present, to discuss the results of their examinations, the evaluation of the Corporation's internal control over financial reporting and the overall quality of the Corporation's accounting.

Management represented to the Audit Committee the Corporation's consolidated financial statements for fiscal year ended December 29, 2018 were prepared in accordance with generally accepted accounting principles. The Audit Committee has reviewed and discussed the consolidated financial statements with management and KPMG. Management has also represented it has assessed the effectiveness of the Corporation's internal control over financial reporting, and has determined that, as of December 29, 2018,

the Corporation maintained effective internal control over financial reporting. The Audit Committee has reviewed and discussed with management and KPMG this assessment. The Audit Committee has also discussed with KPMG its evaluation of the accounting principles, practices and judgments applied by management, and any items required to be communicated to it by KPMG in accordance with regulations promulgated by the SEC and the PCAOB including the matters required to be discussed by PCAOB Auditing Standard No. 1301.

The Audit Committee received and reviewed the written disclosures and the letter from KPMG required by the PCAOB regarding KPMG's communications with the Audit Committee concerning independence and discussed with KPMG its independence. The Audit Committee also concluded the provision of non-audit services by KPMG is compatible with maintaining their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board the consolidated financial statements referred to above be included in the Corporation's Annual Report on Form 10-K for the year ended December 29, 2018.

Our CD&A describes the key features of our executive compensation program and the Compensation Committee's approach in deciding 2018 compensation for our Named Executive Officers:

Name	Position
Jeffrey D. Lorenger	President and Chief Executive Officer, HNI Corporation
Stan A. Askren	Former Chairman, President and Chief Executive Officer, HNI Corporation
Marshall H. Bridges	Chief Financial Officer; Senior Vice President, HNI Corporation
Vincent P. Berger	President, Hearth & Home Technologies; Executive Vice President, HNI Corporation
Brandon T. Sieben	President, Allsteel Inc.
Kurt A. Tjaden	President, HNI International; Senior Vice President, HNI Corporation

The CD&A is divided into four parts:

1. Executive Compensation Overview
2. Executive Compensation Objectives and Governance
3. Executive Compensation Elements
4. Additional Compensation Programs and Policies

1. Executive Compensation Overview

Primary Compensation Elements

The primary elements of our compensation program are base salary, and annual and long-term performance-based incentive opportunities. These primary elements were chosen to attract the best talent and drive long-term shareholder value creation.

Element	Description	Purpose
Base Salary (see page 18)	Annual cash compensation.	Compensation for expected day-to-day responsibilities. Pay adjustments are based on capabilities, responsibilities and market factors.
Annual Incentive Opportunity (see page 19)	Targeted variable compensation equal to a percentage of base salary paid once a year and based 80% on financial performance and 20% on individual objectives.	Focus executives on annual performance goals, typically financially driven.
Long-term Incentive Opportunity (see page 21)	Variable performance compensation typically in the form of stock options and cash earned at the end of a three-year period based on economic profit goals.	Align executives' decisions with long-term shareholder value creation. Promote executive retention.

Other Key Compensation Practices

The Compensation Committee regularly reviews developments in executive compensation and governance and adjusts our practices and policies.

HNI Compensation Practices		
<i>What We Do</i>		
Pay for performance	✓	A large majority of executive compensation is based on achievement of long-term value creation.
Stock ownership guidelines	✓	Stock ownership guidelines require the CEO to hold shares valued at 5x base salary and other Named Executive Officers at 3x base salary.
Double trigger change in control	✓	Both a change in control and involuntary termination are required for the change in control agreement to take effect.
Clawback policy	✓	Performance-based compensation, under certain circumstances, will be canceled or reclaimed if an executive engages in fraud or financial misconduct.
Anti-hedging policy	✓	Officers and directors are prohibited from engaging in hedging or pledging transactions with respect to HNI stock.
Independent compensation consultant	✓	The Compensation Committee engages an independent compensation consultant who works only for the Committee, and not for management.
Annual shareholder Say on Pay	✓	The Corporation holds an annual advisory vote regarding Named Executive Officer compensation.
Annual compensation risk assessment	✓	The Compensation Committee reviews a risk assessment of the Named Executive Officer compensation program every year.
<i>What We Don't Do</i>		
No employment contracts	✗	Neither the CEO nor any other Named Executive Officers have an employment contract.
No perquisites	✗	Perquisites are not provided to executives or directors.
No excise tax gross-ups	✗	No executives are eligible for excise tax gross-ups.
No repricing of underwater options	✗	Underwater options are not repriced or replaced.
No dividends on unearned restricted stock units	✗	Dividends are not paid on restricted stock units.
No supplemental executive benefits	✗	Executive officers are not offered additional benefits beyond those generally available to all members.

Leadership Transition

On April 19, 2018, Mr. Askren retired as President of HNI Corporation, on June 28, 2018, he retired as CEO, and on December 31, 2018 he retired as Chairman. Consistent with a well-established and long-term succession plan, the Board promoted Mr. Lorenger as President and a Director of the Corporation on April 19, 2018, and as CEO of the Corporation on June 28, 2018. Larry Porcellato was elected Chairman, effective January 1, 2019. References in this Proxy Statement to the CEO refer to Mr. Lorenger, unless otherwise stated or as the context otherwise requires.

2. Executive Compensation Objectives and Governance

Philosophy and Objective

The Corporation's Board believes in aligning the compensation of the Corporation's leadership with creating long-term value for shareholders and other important stakeholders, including members and customers. Governance of the executive compensation program, including hands-on involvement of the Compensation Committee, is guided by this principle.

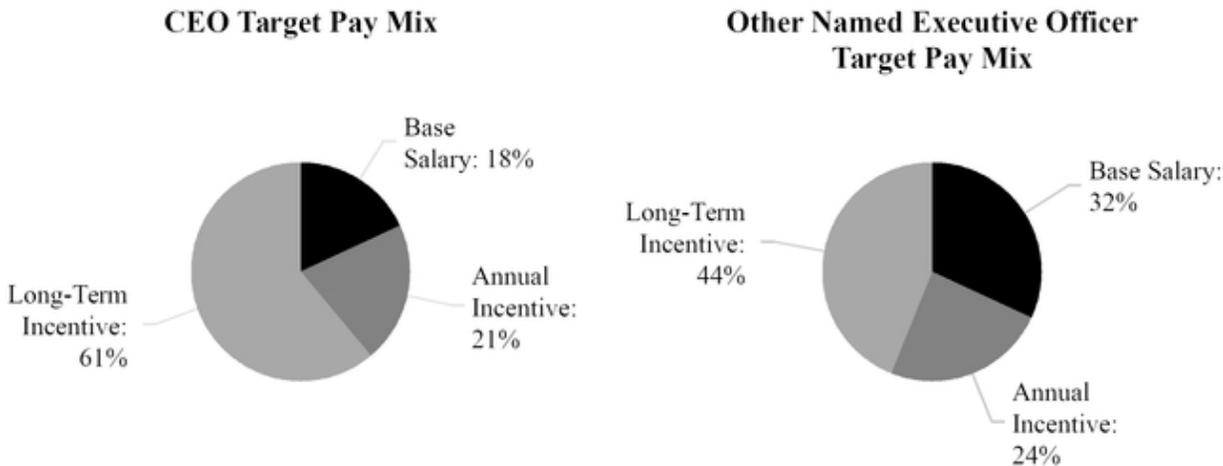

Pay for Performance

The executive compensation program for 2018 highlights the Corporation's pay for performance philosophy, with a large majority of each senior executive's compensation tied to the achievement of long-term value creation, awarded through performance-based annual and long-term awards and stock options. Shareholders have continued to voice their support for the Corporation's pay for performance compensation program— over 95% of votes cast in last year's Say on Pay vote approved the compensation of the Named Executive Officers.

The Corporation believes economic profit is the best indicator of long-term shareholder value creation and uses economic profit to measure financial performance goal achievement under the annual and long-term incentive plans. Economic profit is defined as after-tax operating profit less a charge for invested capital. Economic profit promotes the simultaneous optimization of growth, earnings and capital efficiency.

Pay Mix

For 2018, the target compensation mix for the CEO and other Named Executive Officers is shown below. Approximately 82% of CEO compensation and 68% of all other Named Executive Officers compensation is considered variable based on achieving financial and strategic objectives.

Compensation Committee and Independent Directors

The Compensation Committee is responsible for the oversight of the Corporation's executive compensation programs. The Compensation Committee reviews and recommends to the Board for approval by the independent Directors all elements of the CEO's compensation. For the other Named Executive Officers, the Compensation Committee considers recommendations from the CEO and approves all elements of compensation except equity grants, which the Compensation Committee recommends for approval by the independent Directors.

The Corporation's Member and Community Relations, Law, and Finance Departments support the Compensation Committee and the Board in a variety of ways related to executive compensation, including conducting executive compensation benchmarking, preparing compensation-related materials and providing updates on corporate governance laws and best practices.

The Compensation Committee occasionally retains an outside compensation consultant to provide recommendations for structuring and designing the Corporation's executive compensation program, selecting a peer group for benchmarking, and establishing competitive incentive award targets. The Compensation Committee engaged Frederic W. Cook & Co., Inc. ("FW Cook") to serve as the compensation consultant in 2017 to review CEO compensation. The Compensation Committee determined, based on an analysis of relevant factors including those required by the SEC, FW Cook did not have a conflict of interest in providing services to the Compensation Committee.

Compensation Program Changes in 2018

The Board, Compensation Committee and Corporation did not make any structural changes to the executive compensation programs in 2018, with the exception of transitioning all remaining executives with the prior form of Change in Control Employment Agreements to the current form of agreement which excludes an excise tax gross-up. See "*Potential Payments Upon Termination or Change in Control*" for further details.

Benchmarking with Market Data

CEO Benchmarking

The Compensation Committee compares our CEO compensation to the below-listed peer companies. The Compensation Committee includes companies in similar industries or with a similar level of business complexity, manufacturing approach, or go-to-market structure with whom we may compete for talent. Additionally, the Compensation Committee considers the relative size of the companies, including market capitalization and net sales, business models featuring decentralized operating units, and employee headcount. In connection with the 2017 engagement, FW Cook provided analysis and recommendations on the Corporation's peer group. The Compensation Committee decided to maintain the same peer group used in 2017 for 2018.

Peer Group	
A.O. Smith Corporation	Knoll Inc.
Actuant Corporation	Leggett & Platt, Incorporated
Armstrong World Industries, Inc.	Lennox International Inc.
Briggs & Stratton Corporation	Lincoln Electric Holdings Inc.
Carlisle Companies Incorporated	Regal Beloit Corporation
Donaldson Company, Inc.	Snap-On Incorporated
Herman Miller, Inc.	Steelcase Inc.
Kennametal Inc.	Valmont Industries

At the direction of the Compensation Committee, FW Cook conducted a comprehensive compensation analysis for chief executive officers of peer group companies ("CEO Compensation Review") in 2017. The Compensation Committee utilized the CEO Compensation Review to establish the elements and targets of Mr. Askren's compensation as CEO for 2018.

The Compensation Committee also utilized the CEO Compensation Review to establish Mr. Lorenger's compensation package when he became President and CEO of the Corporation in June 2018. The Committee reviewed the median for base salary, annual incentive, long-term incentive and total CEO compensation of the peer group, and set Mr. Lorenger's target compensation slightly below the peer group based on Mr. Lorenger's tenure compared to the peer group chief executive officers.

Market Data for Other Named Executive Officers

The Compensation Committee annually assesses base salary and annual and long-term incentive compensation data compiled from commercially available compensation survey reports published by Willis Towers Watson and Mercer Human Resource Consulting (collectively, the "Survey Reports").

In 2018, the Compensation Committee followed its regular process of using the Survey Reports in reviewing the elements and targets of the Named Executive Officers' compensation (except the CEO), considering the responsibilities and capabilities of each executive officer.

3. Executive Compensation Elements

Base Salary

For 2018, the base salary for each Named Executive Officer was appropriately indexed from the market median for the relevant position. Actual base salaries may be higher or lower than the market median based on the following factors, which are considered annually by the Compensation Committee (and independent Directors in the case of the CEO's base salary) when determining changes in base salary:

- demonstrated growth, development and advancement;
- individual performance and competency; and
- value of experience both in service to the Corporation and other experience.

The Compensation Committee conducts the CEO's annual base salary review at the February Board meeting and all independent Directors participate with the Compensation Committee in this review. For other executive officers, the Compensation Committee normally approves base salary changes annually at the Board meeting prior to the anniversary date of each officer's appointment.

Based on a combination of performance, personal growth and market factors, the Compensation Committee (and with respect to the CEO and the Chairman's base salary, the independent Directors) awarded the following base salaries:

Name	2017 Annual Base Salary (\$)	2018 Annual Base Salary (\$)	Increase (\$)	Increase (%)	Approximate Market Median Annual Base Salary (\$)	2018 Base Salary as Percentage of Market Median (%)
Jeffrey D. Lorenger	600,000	900,000	300,000	50.0	1,010,475	89
Stan A. Askren	1,181,080	1,222,418	41,338	3.5	1,010,475	121
Marshall H. Bridges	385,000	442,800	57,800	15.0	500,200	89
Vincent P. Berger	385,000	415,800	30,800	8.0	442,900	94
Brandon T. Sieben	325,000	350,000	25,000	7.7	398,000	88
Kurt A. Tjaden	456,000	472,000	16,000	3.5	444,300	106

The increase awarded to Mr. Lorenger is consistent with his promotion to President and CEO. The increases awarded to Messrs. Askren and Tjaden were generally consistent with the average increase for members across the Corporation. The increases awarded to Messrs. Bridges, Berger, and Sieben were slightly above the Corporation's average increase as a result of their continued growth and development and further alignment with market median.

Annual Incentive

The Named Executive Officers are eligible for annual incentive compensation under the Annual Incentive Plan. The Annual Incentive Plan design encourages focus by the Named Executive Officers on both annual financial achievements and individual objectives aligned with the Corporation's strategic plan.

For 2018, key features of the Annual Incentive Plan were:

Award Target as a % of Base Salary	
President and CEO	110%
Other Named Executive Officers	75%

Mr. Askren's Award Target for 2018 was 120%

Basis of Award Achievement	
Achievement of Financial Goals	80%
Attainment of Individual Organic Sales Goal	20%

The CEO's annual incentive compensation award target is a greater percentage of base salary than the targets for the other Named Executive Officers because the CEO has the greatest potential impact on the Corporation's annual performance.

The awards are paid in February following the year in which they are earned. Termination of employment other than due to death, disability, retirement or a change in control of the Corporation prior to the end of the year in which an award is earned results in loss of outstanding awards. The awards are paid in cash unless the executive requests and the Compensation Committee approves taking all or part of the payment in the form of Common Stock or the Compensation Committee determines the executive's stock ownership does not reflect appropriate progress toward the executive's ownership guideline.

Under the Annual Incentive Plan, the Corporation achieved economic profit of \$31.0 million in 2018. The following table sets forth aggregate payouts under the Annual Incentive Plan for each Named Executive Officer for 2018:

Name	Annual Incentive Compensation Award Target (\$)	Actual Award Payout Attributable to Financial Goals (\$)	Actual Award Payout Attributable to Individual Objectives (\$)	Total Payout (\$)	Actual Payout as % of Target (%)
Jeffrey D. Lorenger	880,096	312,535	190,117	502,652	57
Stan A. Askren	1,466,902	668,907	322,718	991,625	68
Marshall H. Bridges	332,100	151,438	73,062	224,500	68
Vincent P. Berger	311,850	331,808	77,963	409,771	131
Brandon T. Sieben	262,500	0	32,550	32,550	12
Kurt A. Tjaden	354,000	324,101	69,166	393,267	111

Mr. Lorenger's annual incentive target increased during 2018 related to his transition to President, HNI Corporation and then to President and CEO. Amounts above reflect actual 2018 target opportunity and payout amounts based on the number of weeks spent in each position (and therefore at each target level) in 2018.

Each Named Executive Officer received the 2018 Annual Incentive Plan award payout in cash.

Financial Performance Goals

The Compensation Committee uses the annual financial plan, approved by the Board in February, to establish economic profit goals for the Corporation and financial goals for each core business unit. Economic profit goals are based on strategic opportunities with consideration of current market conditions (e.g., strength of the housing market, global economy or corporate earnings) and business opportunities (e.g., launch of new product line or integration of recently acquired business).

Payout ranges are set between 0% and 200% of the economic profit target with an achievement threshold of 35% to receive a minimum payout. Payout levels are expected to be between 80% and 120% of target in most years and average approximately 100% of target over time. The Compensation Committee establishes the target level of economic profit as an aggressive but achievable goal for the Corporation as a whole or any business unit based on economic and competitive conditions at the time goals are established.

Messrs. Lorenger, Askren, and Bridges are eligible for awards based on the financial performance of the Corporation while Messrs. Berger, Sieben and Tjaden are eligible for awards based on the financial performance of each executive's individual area of responsibility (one or more business units). This structure aligns executives' interests with the financial performance of their relevant areas of responsibility.

For 2018, the economic profit goal for the Corporation was \$41.3 million, and actual economic profit achievement was \$31.0 million, resulting in 57% payout as reflected in the table below. The financial component of Mr. Lorenger's annual incentive compensation award is based on achievement of the economic profit goals of the Office Furniture segment for a portion of the year and of HNI Corporation for the remainder of the year, prorated at the time of his promotion to President, HNI Corporation. The financial component of Messrs. Askren and Bridges' annual incentive compensation award is based on the achievement of the economic profit goals of HNI Corporation.

Economic Profit Achievement (\$M)	Financial Component of Annual Incentive Compensation Award – Payout (%)
Less than 25.6	0
25.6	35
41.3	100
54.9	200

The financial component of Mr. Berger's annual incentive compensation award is based on the achievement of the economic profit goals of Hearth & Home Technologies. The financial component of Mr. Sieben's annual incentive compensation award is based on the achievement of the economic profit goals of Allsteel. The financial component of Mr. Tjaden's annual incentive compensation award is based on achievement of financial goals of HNI International and HNI ONE, a division of HNI targeting typically large

accounts. The Corporation considers the financial goals and achievements of these business units competitively sensitive and does not disclose them, or individual operating company results, publicly.

As for all Named Executive Officers, the financial performance goals for Messrs. Berger, Sieben, and Tjaden are set aggressively and require superior performance by the officers and their corresponding business units and areas of responsibility. Nonetheless, because the Corporation and Board expect superior performance on a consistent basis, Messrs. Berger, Sieben, and Tjaden are expected to achieve 100% of target over time on the financial component of their respective annual incentive compensation awards under the Annual Incentive Plan.

Individual Objectives

Each Named Executive Officer's individual objectives are based on broad strategic objectives of the Corporation or one or more business units and are defined and measured within the year. The independent Directors annually review and approve the CEO's individual objectives. The CEO annually reviews and approves the individual objectives of each other Named Executive Officer.

In 2018, each Named Executive Officer's individual objectives were based on organic sales growth targets of the Corporation or one or more business units.

At year-end, the CEO evaluates Named Executive Officers' performance against their individual objectives and recommends an achievement percentage for Compensation Committee approval. Achievement percentages for individual objectives range from 0% to 125%. The independent Directors, after reviewing the CEO's self-evaluation, determine the achievement percentage of the CEO's individual objectives.

The Compensation Committee and the CEO (and with respect to the CEO, the independent Directors) determined the Named Executive Officers delivered results on the stated goals resulting in attainment of individual objectives from 62% to 125%.

Long-Term Incentive

In February 2018, 75% of each Named Executive Officer's long-term incentive compensation opportunity was granted in stock options, vesting in February 2022, and 25% was granted in performance-based cash awards earned over three annual performance periods. In relation to his promotion, Mr. Lorenger's long-term incentive opportunity was increased to 325% of base salary from 200%. Accordingly, Mr. Lorenger received a prorated long-term incentive grant in June 2018. Of the award opportunity, 75% was granted in stock options, vesting in June 2022, and 25% was granted in a performance-based cash award earned over three annual performance periods. In recognition of Mr. Sieben's development and performance, the Board granted him a one-time special restricted stock unit (RSU) grant in August 2018, half of which vests in 2020, and the remainder in 2021. This award was in addition to his original long-term incentive grant.

Long-term incentive compensation is designed to focus executives on long-term value creation for shareholders measured by objective financial performance metrics and long-term stock price appreciation, and incent executives to remain with the Corporation. Long-term incentive compensation is provided through:

- annual performance-based awards with rolling three-year performance periods under the HNI Corporation Long-Term Performance Plan; and
- annual equity grants to select executives, including all Named Executive Officers, under the 2017 Stock-Based Compensation Plan (the "2017 Stock Plan") and previously under the 2007 Stock-Based Compensation Plan (together, the "Stock Plans").

The two types of long-term incentive compensation provide an appropriate balance between emphasizing financial performance (long-term performance plan awards) and stock price performance (stock options and restricted stock units). The Compensation Committee and the Board annually evaluate and approve the participants' target awards to ensure alignment with the Corporation's incentive compensation philosophy.

The following table shows the total long-term incentive compensation award opportunities for each Named Executive Officer.

Name	Total Long-Term Incentive Compensation Target (\$)	Total Long-Term Incentive Compensation Award Target (% of Annual Base Salary at Time of Award)
Jeffrey D. Lorenger	2,325,000	325
Stan A. Askren	3,667,253	300
Marshall H. Bridges	664,200	150
Vincent P. Berger	577,500	150
Brandon T. Sieben	325,000	100
Kurt A. Tjaden	684,000	150

Mr. Lorenger's February 2018 target long-term incentive compensation was set at 200% of his base salary. This was increased to 325% following his promotion to President and CEO.

Equity Awards

Under the Stock Plans, the Board grants stock options with an exercise price equal to the closing price of a share of Common Stock on the date of grant. Annual grants typically occur at the February Board meeting. The Board may grant equity awards throughout the year for a new hire, a significant promotion or other special circumstances. The amount of income realized by an executive from an option is equal to the stock appreciation between the grant and the exercise dates, which aligns the interests of the Named Executive Officers with long-term value creation for shareholders. Stock option grants are limited to a group of executives (58 in 2018, including all Named Executive Officers) who have the ability through their leadership and strategic actions to significantly impact the Corporation's long-term performance and, consequently, its stock price. In its history, the Corporation has never re-priced stock options.

The Corporation uses the Black-Scholes option valuation method to calculate the number of options granted, which is based on the targeted dollar value of the award. All stock options cliff-vest after four years and expire ten years after the date of grant. Early termination of employment other than due to death, disability, retirement or a change in control of the Corporation results in forfeiture of unvested option awards and a reduction in the exercise period of vested option awards. This policy is designed to motivate executives to focus on long-term value creation and support retention. The Board granted stock options to each Named Executive Officer on February 14, 2018. The exercise price for the stock options, which is the closing price of a share of Common Stock on the date of grant, was \$38.68 per share. See the following option valuation table for additional details regarding stock option awards in February 2018 for each Named Executive Officer:

Name	Targeted Value of Stock Options Granted in February 2018 (\$)(1)	Stock Options Granted (#)
Jeffrey D. Lorenger	746,566	76,336
Stan A. Askren	2,281,537	233,286
Marshall H. Bridges	413,225	42,252
Vincent P. Berger	359,288	36,737
Brandon T. Sieben	202,192	20,674
Kurt A. Tjaden	425,538	43,511

Notes

- (1) The Black-Scholes option value for award purposes was \$11.79 and differs from the Black-Scholes option value calculated in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, Compensation – Stock Compensation ("FASB ASC Topic 718"), for financial statement reporting purposes (\$9.78). The difference between the Black-Scholes option value for award purposes and for financial statement reporting purposes results from utilizing a ten-year option life when calculating the value of an award and a six-year expected option life when reporting the value of the award under FASB ASC Topic 718. Utilization of the ten-year option life when calculating the value of an award results in fewer options granted to executives due to the higher option value produced.

In connection with his promotion to President and CEO, the Board granted Mr. Lorenger an additional prorated stock option award on June 28, 2018. This award was granted to align his long-term incentive opportunity with his new 325% target. The exercise price for the stock options, which is the closing price of a share of Common Stock on the date of grant, was \$37.29 per share. See the following option valuation table for additional details:

Name	Targeted Value of Stock Options Granted in June 2018 (\$)(1)	Stock Options Granted (#)
Jeffrey D. Lorenger	588,515	64,389

Notes

- (1) The Black-Scholes option value for award purposes was \$10.92 and differs from the Black-Scholes option value calculated in accordance with FASB ASC Topic 718, for financial statement reporting purposes (\$9.14). The difference between the Black-Scholes option value for award purposes and for financial statement reporting purposes results from utilizing a ten-year option life when calculating the value of an award and a six-year expected option life when reporting the value of the award under FASB ASC Topic 718. Utilization of the ten-year option life when calculating the value of an award results in fewer options granted to executives due to the higher option value produced.

In recognition of Mr. Sieben's development and performance, the Board granted him a one-time RSU award on August 7, 2018. This award is intended to promote his continued development, while aligning his interests with that of shareholders. The use of RSUs provides him additional incentive to focus on business initiatives that grow long-term shareholder value. Mr. Sieben's award of 9,289 RSUs will vest in two equal parts. The details of Mr. Sieben's RSU grant are included in the following table.

Grant Date	Vest Date of Award	Number of RSUs	Adjusted Fair Market Value of Award Granted (\$)(1)
August 7, 2018	August 7, 2020	4,645	189,377
August 7, 2018	August 7, 2021	4,644	184,227
Total		9,289	373,604

Notes

- (1) The value for award purposes was \$43.06, based on the closing share price on August 7, 2018. This differs from the adjusted fair market value calculated in accordance with FASB ASC Topic 718, for financial statement reporting purposes (\$40.77 for units vesting in 2020 and \$39.67 for units vesting in 2021).

Cash Awards

Actual performance is measured each year, with one-third of the cash award earned based on economic profit achievement in each of the three years covered by the plan. Achievement for each year may range from 0% to 200% of the annual award target, with a 25% threshold level. Economic profit achievement representing a 100% payout level is established as an aggressive but achievable goal for the Corporation based on economic and competitive conditions at the time goals are established. Payout levels are expected to average approximately 100% across multiple performance periods and failure to achieve a 25% payout level or achievement of a 200% payout level will occur infrequently.

Under the Long-Term Performance Plan, economic profit is defined as after-tax operating profit less a charge for invested capital, with cash normalized to a fixed amount for purposes of the calculation. This calculation differs from the Annual Incentive Plan to adjust for the length of each plan's performance period. For example, the impact of restructuring is included in the Long-Term Performance Plan calculation because the benefits can be captured during the plan's three-year performance period, but is excluded from the Annual Incentive Plan because the benefits are realized outside the one-year performance period.

The 2018-2020 Plan award covers a three-year performance period (2018, 2019 and 2020). The Compensation Committee recommended, and the Board approved, the economic profit goals for each year in the performance period in February 2018. No portion of the award will be paid out until the first quarter of 2021, and a Named Executive Officer must remain continuously employed by the Corporation (other than leaving employment as a result of death, disability, retirement or in connection with a change in control of the Corporation) through the last day of fiscal year 2020 to receive a payout.

Economic profit achieved by the Corporation in 2018 was measured against (i) the performance goal for the first year of the 2018-2020 Plan, (ii) the performance goal for the second year of the Long-Term Performance Plan for 2017-2019 (the "2017-2019 Plan") and (iii) the final year of the Long-Term Performance Plan for 2016-2018 (the "2016-2018 Plan"). For 2018, the Corporation's economic profit was:

- \$22.8 million under the 2018-2020 Plan, resulting in an earned award of 0% for 2018;
- \$11.1 million under the 2017-2019 Plan, resulting in an earned award of 0% for 2018; and
- \$8.5 million under the 2016-2018 Plan, resulting in an earned award of 0% for 2018.

The difference between the economic profit for 2018 under the three plans is attributable to the use of a different weighted average cost of capital assumption (as one target was set in 2016, one was set in 2017 and the other in 2018) and the treatment of the economic profit impact of an acquisition. A discussion of the 2016-2018 and 2017-2019 Plans was contained in the Proxy Statements

for the 2017 Annual Meeting and the 2018 Annual Meeting, respectively. The following table represents the economic profit targets set for the 2018 year under the three plans.

2018 Economic Profit Matrix			
Payout %	2018-2020 Plan (\$M)	2017-2019 Plan (\$M)	2016-2018 Plan (\$M)
25%	23.1	59.2	54.7
100%	42.3	83.4	87.3
200%	56.4	94.3	114.9

The economic profit target and payouts for 2018 differ between the 2018-2020 Plan, the 2017-2019 Plan and the 2016-2018 Plan as a result of the Compensation Committee recommending, and the Board approving, an economic profit target for each year in a Long-Term Performance Plan at the beginning of the Long-Term Performance Plan (e.g., the 2018 economic profit target under the 2016-2018 Plan was set in February 2016). The differences in target value result primarily from changing assumptions on national and global economic performance as well as an additional year of actual performance for the Corporation.

The Named Executive Officers earned the following amounts under the Long-Term Performance Plan based on 2018 performance:

Name	Long-Term Performance Plan	Target Award for 2018 Performance Period (\$)	Actual 2018 Performance Period Achievement (%)	Award Earned for 2018 Performance Period Achievement (\$)

4. Additional Compensation Programs and Policies

The descriptions below summarize other compensation and retirement plans in which Named Executive Officers are eligible to participate. These plans do not change significantly from year to year, and other than participation in the Supplemental Income Plan ("SIP"), do not involve annual compensation decisions by the Compensation Committee or the Board.

Supplemental Income Plan

The SIP provides a benefit to the plan's participants, including the Named Executive Officers, equal to amounts the participants would have received had the Corporation's qualified plan (i.e., 401(k) plan) and cash profit-sharing benefits not been subject to statutory compensation caps, except no income attributable to the Long-Term Performance Plan is considered. The 2018 statutory compensation limit for qualified plan and cash profit-sharing benefits was \$275,000. Any compensation in excess of this limit is excluded from the eligible earnings used to calculate qualified plan and cash profit-sharing benefits. The SIP is available to select executives, approved by the Board, who consistently earn income above compensation caps on the qualified plan and cash profit-sharing benefits.

In 2018, the Compensation Committee determined all SIP benefits would be in the form of shares of Common Stock. The SIP shares cannot be transferred while the participant is employed by the Corporation. The number of shares of Common Stock is calculated by dividing the amount of the benefit by the closing price of a share of Common Stock on the date the benefit is paid, with cash payable in lieu of a fractional share. Participation in the SIP is provided to assure overall competitiveness of the executive compensation program.

Deferred Compensation Plan

Executives eligible for compensation under the Annual Incentive Plan, which include all Named Executive Officers, are eligible to participate in the HNI Corporation Executive Deferred Compensation Plan ("Deferred Plan"). The Deferred Plan allows executives to voluntarily defer base salary, Annual Incentive Plan awards, Long-Term Performance Plan awards, SIP benefits and other amounts. Amounts can be deferred to a cash account earning interest at a rate set each year at 1% above the prime interest rate or to a notional stock account in the form of nonvoting share units fluctuating in value based on the price increase or decrease of Common Stock and earning dividends distributed to all shareholders. The dividends are automatically reinvested for each participant to acquire additional nonvoting share units. For any cash compensation deferred to the notional stock account, the number of nonvoting share units is determined by dividing the amount of the compensation by the fair market value of a share of Common Stock on the date the compensation would have otherwise been paid. Each participant elects, on an annual basis, the date or dates of distribution (i.e., a participant can elect a lump-sum distribution or distribution via annual installments not to exceed 15) of any deferred amounts. During 2018, Mr. Askren was the only Named Executive Officer who participated in the Deferred Plan.

Profit-Sharing Retirement Plan

Each Named Executive Officer participates in the HNI Corporation Profit-Sharing Retirement Plan (the "Retirement Plan"), a defined contribution plan generally available to all members. Members are eligible to make voluntary contributions immediately upon hire. One year of service is typically required to be eligible for employer contributions. Each Named Executive Officer is eligible for employer contributions. These contributions are reflected in the "All Other Compensation" column of the Summary Compensation Table.

Cash Profit-Sharing

Each Named Executive Officer is eligible for distributions under the Corporation's cash profit-sharing program. Cash profit-sharing is paid based on the profitability of a member's business unit. Members are generally eligible to participate after completion of one year of continuous service. Cash profit-sharing amounts paid to the Named Executive Officers are reflected in the "Bonus" column of the Summary Compensation Table.

Change in Control, Post-Employment and Other Events

Messrs. Lorenger, Bridges, Berger, Tjaden and one other key executive have a Change In Control Employment Agreement ("CIC Agreement") with the Corporation. Upon a change in control, retirement, death or disability, certain awards granted under the Annual Incentive Plan, the Long-Term Performance Plan and the Stock Plans also vest or are payable pursuant to their terms and are not conditioned on a termination of employment. See "*Potential Payments Upon Termination or Change in Control*" for a discussion of these items.

As previously disclosed, Mr. Askren announced his retirement from the Corporation, effective December 31, 2018. Pursuant to the terms of a Consulting Agreement dated November 7, 2018, Mr. Askren agreed to act as a special advisor to the CEO and advisor for the Corporation for up to three years following his retirement. He will be compensated \$45,000 per quarter. Mr. Askren will be subject to confidentiality, non-compete and non-disparagement covenants during the term of the Consulting Agreement. The Consulting Agreement may be terminated by either party with sixty days' advance notice.

Perquisites

Consistent with its longstanding culture, the Corporation does not provide executives with any special or unique perquisites, for example company cars or club memberships. Relocation assistance is provided to executives under a relocation program broadly available for members transferred within the Corporation and newly-hired professional members. Executives participate in the same health, retirement, profit-sharing, disability and life insurance programs and member stock purchase plan as other members.

Anti-Hedging Policy

The Corporation's policy prohibits officers (including the Named Executive Officers) or Directors from hedging their ownership of the Corporation's Common Stock (including prepaid variable forwards, equity swaps, collars and exchange funds), engaging in short sales or purchasing put or call options, pledging shares of the Corporation's Common Stock, holding shares in a margin account or engaging in short-term transactions. This policy is designed to ensure alignment of Officers and Directors with shareholders and requires them to bear the full economic risk of share ownership.

Executive Stock Ownership Guideline

The Board has adopted an Executive Stock Ownership Guideline based on the belief key executives should have a significant ownership interest in the Corporation's stock. Under the guideline, ownership levels are provided for executives to acquire and hold a recommended ownership interest in the Corporation's stock based on their position and compensation level. The guideline is intended to align the interests of key executives with shareholder interests. The guideline ownership levels in effect for 2018 are shown below:

Position	\$ Value of Shares
President and CEO	5.0 x Base Salary
Operating Company (Unit) Presidents, Chief Financial Officer, and Executive and Senior Vice Presidents	3.0 x Base Salary
Other Officers	2.0 x Base Salary

Executives are encouraged to reach their respective stock ownership level within five years of the date the individual assumes an executive position covered by the guideline. The Compensation Committee annually reviews each executive's progress toward the goal. The Compensation Committee can specify a percentage of the executive's annual incentive compensation be paid in shares of Common Stock if it determines an executive is not achieving appropriate progress toward the goal. The guideline credits executives with vested, in-the-money options held by executives under the Corporation's compensation plans. As of the end of 2018, each Named Executive Officer was in compliance with the Corporation's stock ownership guideline.

Executive Compensation Clawback

If financial results are significantly restated due to fraud or intentional misconduct, the Board will review any performance-based compensation paid to executive officers who are found to be personally responsible for the fraud or intentional misconduct leading to the restatement and may, to the extent permitted by law, seek repayment of amounts paid in excess of amounts based on restated financial results.

Tax Deductibility of Executive Compensation

The Corporation typically seeks to maximize the tax deductibility of components of executive compensation where appropriate. Section 162(m) of the Internal Revenue Code generally limits the ability of public companies to deduct compensation in excess of \$1,000,000 paid annually to certain executive officers. Section 162(m) exempts qualifying performance-based compensation from this limit with respect to taxable years beginning on or before December 31, 2017 and payable pursuant to a binding written agreement in effect on November 2, 2017.

With the enactment of the Tax Cuts and Jobs Act in December 2017, for the 2018 fiscal year, the deductibility exemption for performance-based compensation under Section 162(m) has been eliminated. As a result, compensation in excess of \$1,000,000

paid to covered executive officers generally will not be deductible unless the compensation qualifies for certain transition relief under the Act. The Company continues to assess how the amendments to Section 162(m) may affect its annual and long-term incentive compensation. Given the commitment of the Corporation to tying the compensation of its executives to the performance of the Corporation, at this time we do not expect there to be material changes made to the manner in which the Corporation awards its incentive compensation.

Impact of Prior Compensation in Setting Elements of Compensation

Prior compensation of the Named Executive Officers does not generally impact how elements of current compensation are set. The independent Directors and the Compensation Committee believe the competitive environment mandates current total compensation be sufficient to attract, motivate and retain top management. The Compensation Committee analyzes outstanding equity grants, outstanding Annual Incentive Plan and Long-Term Performance Plan awards and ownership of Common Stock for each Named Executive Officer to ensure future stock equity grants, Annual Incentive Plan and Long-Term Performance Plan awards, CIC Agreements and other benefits provide appropriate and relevant incentives to the executives. Based on the current analysis, the Compensation Committee believes prior compensation will not impact the ongoing effectiveness of the compensation objectives.

Say on Pay Vote Results

At the 2018 Annual Meeting, over 95% of the advisory votes cast by shareholders were in favor of the compensation program for Named Executive Officers. The Compensation Committee carefully considers say on pay votes in setting the compensation of Named Executive Officers. The Compensation Committee continues to apply substantially the same principles in determining the amounts and structure of executive compensation and its commitment to paying for performance.

Compensation Committee Interlocks and Insider Participation

Members of the Compensation Committee have never been officers or members of the Corporation, and have no relationship with the Corporation other than as Directors and shareholders. During 2018, no executive officer of the Corporation served as a director, or as a member of any compensation committee, of any other entity that had an executive officer who served on the Board or Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the CD&A, which begins on page 15 of this Proxy Statement, with management, and based on review and discussions, the Compensation Committee recommended to the Board the CD&A be included in this Proxy Statement.

Summary Compensation Table

The table below shows the compensation awarded to, earned by or paid to each of the Named Executive Officers for 2018, 2017 and 2016. In accordance with the SEC's disclosure rules, information regarding compensation for years prior to the year in which an executive became a Named Executive Officer is not included in the table below. The Corporation does not have employment agreements with any of its executives. While employed, executives earn base salary, are eligible for benefits common to all members, and participate in the executive compensation programs identified in the tables below and discussed in the CD&A. The performance-based conditions associated with Long-Term Performance Plan and Annual Incentive Plan awards as well as salary and bonus in proportion to total compensation are discussed in detail throughout the CD&A, which begins on page 15 of this Proxy Statement.

Option Exercises and Stock Vested

The following table shows information concerning Named Executive Officers' exercise of stock options during 2018.

Name	Option Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$ (1))
Jeffrey D. Lorenger	—	—
Stan A. Askren	281,500	4,045,888
Marshall H. Bridges	2,500	68,825
Vincent P. Berger	8,739	126,876
Brandon T. Sieben	—	—
Kurt A. Tjaden	125,563	1,297,277

Notes

- (1) This column is calculated by multiplying the number of shares acquired by the difference between the market price on the date of exercise (or if the shares were retained by the Named Executive Officer, the closing price of a share of Common Stock on the date of exercise) and the exercise price of the stock options. Mr. Bridges retained shares equal to the value of his 2,500 exercised options.

Nonqualified Deferred Compensation

The Deferred Plan allows executives to defer compensation to a cash account earning interest at a rate set annually at 1% above the prime interest rate or to the Corporation's notional stock account in the form of nonvoting share units earning dividends distributed to shareholders which are then automatically reinvested in additional nonvoting share units. In 2018, Mr. Askren was the only Named Executive Officer who participated in the Deferred Plan. Mr. Askren deferred into the Corporation's notional stock account the after-tax value of his 2017 SIP award, which was granted in February 2018, totaling \$340,303 and is reflected in the table below. The value of Mr. Askren's 2017 SIP award, before taxes, was \$348,493. Mr. Askren's balance in the Deferred Plan as of the end of 2018 was 83,806 nonvoting share units. Unless distributed earlier due to the occurrence of triggering events as described in the Deferred Plan (including death, disability or change in control): (i) a portion of this balance will be distributed six months following his separation from service due to his status as a specified employee, and (ii) the remainder will be distributed January 31, 2021 for a portion of the balance, January 31, 2022 for a portion of the balance, and January 31, 2023 for a portion of the balance.

For additional information on the Deferred Plan, see "Additional Compensation Programs and Policies – Deferred Compensation Plan" on page 25 of this Proxy Statement.

Notes

- (1) The amount of Mr. Askren's contribution before taxes, \$348,493, is reflected in the "All Other Compensation" column of the Summary Compensation Table for Mr. Askren's 2017 compensation.
- (2) The reported dollar value is the sum of (i) share price appreciation (or depreciation) in the account balance during 2018 not attributable to contributions, withdrawals or distributions during 2018 and (ii) dividends earned on the account balance during 2018. The share price appreciation (or depreciation) is calculated by first multiplying 72,681, the number of nonvoting share units in Mr. Askren's account at the end of 2017, by \$35.20, the closing price of a share of Common Stock on December 28, 2018, the last trading day of 2018; and then subtracting from this amount Mr. Askren's aggregate account balance at the end of 2017 – \$2,803,318. The dividends earned on the account balance during 2018 were \$96,237.
- (3) The reported dollar value is calculated by multiplying 83,806, the number of nonvoting share units in Mr. Askren's account at the end of 2018, by \$35.20, the closing price of a share of Common Stock on December 28, 2018, the last trading day of 2018.

Compensation Ratio

For purposes of the compensation ratio calculation, we identified our median member based on our worldwide workforce, without regard to location, compensation arrangements, or employment status (full-time versus part-time). Accordingly, to identify the median annual compensation of our members, as well as to determine the annual total compensation of the "median member" and the CEO, we used the following methodology:

1. In accordance with the SEC's disclosure rules, we utilized the same median member identified in 2017 for our 2018 compensation ratio calculation. We do not believe there were any changes in our member population or compensation arrangements in 2018 that would significantly impact our compensation ratio disclosure.
2. For purposes of identifying our "median member" in 2017, we selected October 1, 2017 as the date upon which we identified the "median member."
3. We excluded approximately 400 members who are employed in India and 20 members who are employed in Taiwan from the determination of the "median member" in 2017, given the small number of members in those jurisdictions. In total, we excluded less than 5% of our workforce from the calculation. The member population, after taking into consideration the adjustment, consisted of approximately 8,500 individuals (7,500 U.S. members and 1,000 non-US members).
4. We annualized the compensation of members hired in 2017.
5. We applied an exchange rate of 1 Hong Kong Dollar to 0.1281 U.S. Dollars when calculating member compensation for our Hong Kong location. For members in China, we applied an exchange rate of 1 Chinese Renminbi to 0.1502 U.S. Dollars. Both exchange rates are as of September 30, 2017.
6. We selected base salary or wages plus overtime pay for the nine-month period ending September 30, 2017 to measure compensation of the Corporation's members to identify the "median member."
7. For the annual total compensation of the "median member," we identified and calculated the elements of the member's compensation for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K, resulting in annual total compensation of \$71,249. The difference between the median member's wages with overtime pay and the member's annual total compensation represents the estimated value of the member's health care benefits, retirement-related benefits, and disability insurance (estimated for the member and the member's eligible dependents at \$22,157).
8. For the annual total compensation of our CEO, we annualized the amounts reported in our 2018 Summary Compensation Table included in this Proxy Statement given Mr. Lorenger began serving as CEO midway through fiscal 2018. In addition, we included the estimated value of the CEO's health care benefits and disability insurance (estimated for the CEO and his eligible dependents at \$25,903). Therefore, annual total compensation for our CEO for purposes of the compensation

ratio calculation is different from the "Total" compensation amount reflected within the Summary Compensation Table or described elsewhere in this Proxy Statement. The following summarizes our methodology for annualizing Mr. Lorenger's compensation given his promotion to CEO on June 28, 2018: (i) annualized base salary for the period he served as CEO (\$900,000); (ii) used the same total option award value reported in the 2018 Summary Compensation Table, given it reflects the additional options granted at the time he became CEO; (iii) annualized the non-equity compensation (AIP and LTPP) amounts earned for the period he served as CEO (\$669,240); and (iv) annualized the all other compensation value based on the amounts earned for the period he served as CEO (\$98,438).

For fiscal 2018, the total compensation of our CEO, using annualized 2018 compensation data, was \$3,038,425, and the "median member" total compensation was \$71,249. Based on this information, for 2018, the ratio of the annual total compensation of Mr. Lorenger to the "median member" annual total compensation is 43 to 1, reasonably estimated consistent with Item 402(u) of Regulation S-K. Due to the variability of the CEO's performance-based compensation, the compensation ratio may differ significantly from year to year.

Potential Payments Upon Termination or Change in Control

Retirement, death, disability and change in control ("CIC") events trigger the payment of compensation to the Named Executive Officers.

Change in Control Employment Agreements. Messrs. Lorenger, Bridges, Berger, Tjaden and one other key executive have Change in Control Employment Agreements with the Corporation. The CIC Agreements are designed to assure continuity of executive management during a threatened takeover and ensure executive management can objectively evaluate any CIC proposal and act in the best interests of shareholders. The CIC Agreements are part of a competitive compensation package to attract and retain top-quality executives.

Under the CIC Agreements, executives are eligible for severance benefits in the event there is a "double trigger;" meaning both a CIC of the Corporation and termination of employment (if termination was by the executive for good reason or by the Corporation for any reason other than cause or disability). The termination must occur (i) during the two-years following a CIC or (ii) prior to the CIC where the executive's termination is directly related to the CIC. The benefits include:

- a lump-sum severance payment equal to two times (three times for the CEO) the sum of (i) the executive's annual base salary and (ii) the average of the executive's annual incentive compensation awards for the prior two years;
- annual salary through the date of termination and a bonus equal to the average of the executive's annual incentive compensation awards for the prior two years;
- continuation of certain medical and dental benefits for up to 18 months and group life insurance benefits for up to two years; and
- a lump-sum payment for the cost of health and dental coverage for an additional six months and a lump-sum payment for two years of continued participation in disability benefit plans.

In exchange for the CIC severance benefits, each executive is subject to confidentiality and non-competition provisions for one year from the date of termination.

The CIC Agreement defines a CIC as having occurred:

- when a third person or entity becomes the beneficial owner of 20% or more of the outstanding Common Stock, subject to certain exceptions;
- when more than one-third of the Board is composed of persons not recommended by at least three-fourths of the incumbent Board;
- upon the occurrence of certain business combinations involving the Corporation; or
- upon approval by shareholders of a complete liquidation or dissolution.

Cause is defined as acts of dishonesty resulting in substantial personal enrichment at the Corporation's expense or repeated willful or deliberate violations of obligations under the CIC Agreement resulting in material injury to the Corporation.

Good reason is defined as:

- a substantially adverse change in the executive's position, authority or responsibilities;
- the Corporation's failure to comply with the CIC Agreement;

- a change of more than 50 miles in the executive's principal place of work;
- a purported termination of the executive's employment not permitted by the CIC Agreement; or
- a successor company not assuming the CIC Agreement.

In 2016, the Corporation adopted a new form of CIC Agreement that excludes obligations of the Corporation to "gross-up" an executive's compensation for any excise tax, for any federal, state and local income taxes applicable to the excise tax "gross-up", and for tax penalties and interest imposed on "excess parachute payments" (i.e., excess severance or CIC payments), as defined in Section 280G of the Internal Revenue Code. As of November 8, 2018, all executives with CIC Agreements have transitioned to the new form which excludes the excise tax gross-up.

The Compensation Committee does not view the CIC Agreements as an element of current compensation, and the agreements do not affect the Compensation Committee's annual decisions with respect to the compensation elements of the executive compensation program.

In the event of a CIC, the Compensation Committee would review information pertaining to compensation payable to the Named Executive Officers.

Other Compensation Triggered by a Change in Control Event. Under the Stock Plans, upon a CIC, vesting is accelerated for each outstanding RSU award and stock option. Under both the Annual Incentive Plan and the Long-Term Performance Plan, the Board values each outstanding award prior to the effective date of a CIC and the values are payable within 30 days of a CIC. The payments occurring on or after a CIC are not conditioned on termination of employment.

The following tables quantify compensation payable to the Named Executive Officers upon a CIC. The tables include only compensation items not available to all salaried members and assume the event occurred on December 29, 2018. The "Total" column in each of the following tables does not include deferred compensation, which may be payable sooner than the original election date. For a discussion of the Corporation's obligations to the Named Executive Officers under the Deferred Plan, see the *Nonqualified Deferred Compensation for 2018* Table .

Value in Event of Involuntary Termination or Voluntary Termination for Good Reason Following a Change in Control

Jeffrey D. Lorenger	2,916,741	50,808	502,652	243,342	228,563	3,942,106
Marshall H. Bridges	1,081,918	37,287	224,500	98,795	32,407	1,474,907

Kurt A. Tjaden	1,812,030	50,897	393,267	122,357	155,400	2,533,951

Notes

- (1) Amounts in this column include the following: (i) an amount equal to two times (three times for Mr. Lorenger) the sum of (a) the executive's annual base salary and (b) the average of the executive's annual incentive compensation awards for the prior two years; (ii) an incremental bonus payment equal to the difference of the executive's average prior two years annual incentive awards and the current year annual incentive award payable; (iii) an amount equal to the value of the cost of health and dental coverage for an additional six months from the date of termination; (iv) an amount equal to the value of the "gross-up" for any federal, state and local taxes applicable to the value of six months of health and dental coverage continuation; and (v) an amount equal to the value of 24 months of continued participation in the Corporation's accidental death and travel accident insurance plan and disability plans. The amount of cash severance payable to Mr. Lorenger and Mr. Berger was reduced by \$610,556 and \$16,139, respectively, so no portion of the executives' benefit constitutes an excess parachute payment subject to the excise tax.
- (2) Represents the value of the following benefits provided following termination of employment under the CIC Agreements for each Named Executive Officer: medical and dental benefits for 18 months, group life insurance benefits for 24 months, and the value of the Corporation's required contributions to the Retirement Plan.
- (3) Represents the value of the annual incentive award earned for 2018, which the Named Executive Officer would be entitled to receive under the Annual Incentive Plan if he remained employed by the Corporation on the last day of 2018.
- (4) Represents the estimated 2016-2018 Plan, 2017-2019 Plan, and 2018-2020 Plan award payable. This amount has been based on the following economic profit assumptions ("Economic Profit Assumptions"). For the 2016-2018 Plan: (i) 90% of the targeted amount for 2016; (ii) 0% of the targeted amount for 2017; and (iii) 0% of the targeted amount for 2018. Amount payable accounts for employment during the entire 36-month performance period. No amount would be payable until the first quarter of 2019. For the 2017-2019 Plan: (i) 0% of the targeted amount for 2017; (ii) 0% of the targeted amount for 2018; and (iii) 100% of the targeted amount for 2019. Amount payable has been prorated to account for employment during 24 months of the 36-month performance period. No amount would be payable until the first quarter of 2020. For the 2018-2020 Plan: (i) 0% of the targeted amount for 2018; (ii) 100% of the targeted amount for 2019; and (iii) 100% of the targeted amount for 2020. Amount payable

accounts for employment during 12 months of the 36-month performance period. No amount would be payable until the first quarter of 2021. Amounts included for the Long-Term Performance Plan are estimates and are forward-looking statements made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Due to the number of factors, the actual amounts we pay or distribute under the Long-Term Performance Plan may differ materially. Factors affecting these amounts include the financial performance of the Corporation during 2018, 2019, and 2020 and the achievement of economic profit goals.

- (5) Represents the value of accelerating the vesting of stock options not otherwise vested in accordance with the Stock Plans. These options will remain exercisable until the expiration date established at the time of award.

Compensation Triggered By Retirement, Death or Disability. Upon retirement at age 65, or after age 55 with ten years of service, all outstanding Annual Incentive Plan, Long-Term Performance Plan and stock option awards immediately vest. Upon disability or death, all outstanding Annual Incentive Plan, Long-Term Performance Plan, stock option and RSU awards immediately vest. Option holders who terminate employment due to disability may exercise stock options, which fully vest as of the date of disability, until the earlier of the expiration date of the stock option or the second anniversary of the date of disability. The representatives of option holders whose employment is terminated due to death may exercise stock options, which shall fully vest as of the date of death, until the earlier of the expiration date of the stock option or the second anniversary of the date of death. Option holders who terminate employment due to retirement may exercise stock options, which shall fully vest as of the date of retirement, until the expiration of the stock option.

In the event of a termination of employment not due to a CIC event, retirement, death or disability, the Named Executive Officers receive only those benefits available to all members. The Named Executive Officers may exercise stock options which are vested as of the date of termination until the earlier of the expiration of the stock option or 180 days following the date of termination.

In connection with his retirement, Mr. Askren entered into a Consulting Agreement, effective January 1, 2019, described in more detail in the section titled "*Change in Control, Post-Employment and Other Events.*"

The following table quantifies compensation payable to the Named Executive Officers in the event of death, disability or retirement. Only Mr. Tjaden was retirement eligible as of the last business day of 2018, so retirement information is provided only for him. The "Total" column does not include deferred compensation, which may be payable sooner than the original election date. For a discussion of the Corporation's obligations to the Named Executive Officers under the Deferred Plan, see the *Nonqualified Deferred Compensation for 2018* Table.
